With globalization fading and geopolitics on the rise this volume analyzes globalization/geopolitical cycles accompanied by rising and falling economic/military hegemonies and the Chinese concept of *Tianxia* as an equivalent of the idea of hegemony along with a theory of pre-emptive hegemonic decline. Geopolitical movements are also discussed including state-seeking movements since the 16th century, Kurdish struggles in Turkey, African terrorist groups, and the Russian intellectual movement called Eurasianism. Finally, there is a discussion of the geopolitics of the Anthropocene and the rise of Astropolitical theory.

Albert J. Bergesen is Professor and Director of the School of Sociology at the University of Arizona.

Christian Suter is Professor of Sociology at the University of Neuchâtel and President of the World Society Foundation, Zurich, Switzerland.
